

LED side signal light 143 552_03

Image: LED side signal light 143 552_03

References

- Hamburger Hochbahn

The aluminium housing has on both long sides a LED-carrier. The light could be used as running light or signalling. The LED-carriers are molded in the housing and therefore protected against humidity and weather. The light colour could be customized.

Technical parameters

LED side signal light

Order no.:

1435 52_03

Technical parameters

Design:	aluminium housing with cutouts for two LED-carriers
---------	---

Other technical data

Nominal voltage:	24 V DC
Input voltage range:	16,8 - 32 V DC
Ambient temperature:	-25 °C to +45 °C
Dimensions:	length/width/height 150/50/25 mm
Light emission:	2 x (length/width 110/15 mm)
Tests:	DIN EN 50155

Other nominal voltages available on request.

State: September 2010
 Technical subject to change without notice.
