Powder-coated stainless steel facing with countersink and integrated PC-facing with light channel function. On the back side is a casted LED strip with connector.

Technical parameters

LED tread light	Order no.:	143 567 96
------------------------	-------------------	-------------------

Technical parameters	
Design:	Cover: Stainless steel 2 mm powder-coated with integrated prismatic light emission 3 mm

Other technical data	
Nominal voltage:	24 V DC
Power:	3 W
Ambient temperature:	-20 °C to +55 °C
Dimensions:	length/width/height 170/98/32 mm
Light emission:	length/width 120/46 mm
Light intensity:	> 75 lx, cold white
Tests:	DIN 5510-2 EN 50121 Teil 3-2

Other nominal voltages available on request.

State: September 2010
Technical subject to change without notice.
